

(U) Tier 1: Technology Readiness Experimentation (T-REX)

CLEARED
For Open Publication

Aug 10, 2026

Department of War
OFFICE OF PREPUBLICATION AND SECURITY REVIEW

What We Aim For

Accelerate the speed of technology adoption and aggressively fill capability gaps across the Joint Force.

How We Hit

Conduct foundational experimentation events focused on system-level verification and validation.

These events explore innovative technologies, from sense to effect, to identify promising systems before more complex joint interoperability experimentation.
